

Attention All Managers – Steering Employees Through the Coronavirus at the Workplace

As you know, we are all hearing many things in the news and / or social media regarding the Coronavirus/COVID-19. The CDC has resources for you and your teams. Please make these references available for your employees as you choose.

Like influenza, some of the basics to staying healthy and avoid spreading a virus include the following:

- Stay home when you have a fever; returning to work when you are free of a fever for 24-hrs.
- Wash your hands frequently with warm, soapy water for at least 20 seconds.

- Sneeze/cough into the crease of your elbow area instead of your hand.
- Cover your nose/mouth with a tissue whenever you sneeze/cough, and discard used tissues in the trash.
- Clean frequently touched surfaces.

As always, NEMR Total HR is available to assist you.
